

Exercises (1/2)

- How would you threshold this image (brev.png) in order to find the red "stamp"?
 - Use imageJ (image => color)
to see that you are wrong!!
 - Explain why

- How is color represented in HTML?

Exercises (2/2)

- The image below has been captured by a Bayer pattern sensor. Use demosaicing (the algorithm on page 76 in the book) to convert the image into a RGB image

Input

100	10	110	11
9	50	8	49
105	12	112	9
14	52	15	54
